

Keep your Kitten Healthy for Less

Why does your kitty need a Wellness Plan?

The most dangerous age for your pet is day one to sixteen weeks of age. Protect your kitten with our Kitten Package.

In addition to vital examinations, vaccines and deworming, we will be more than happy to consult on nutrition, behavior, house training, parasite protection, reproductive, and dental health. On your first visit, you will receive a sample bag of kitten food and a folder containing informative pamphlets on raising your new kitten. Non-refundable and Non-transferable.

Our "PURR"tection Kitten Package Includes

3 Pediatric Wellness Exams
(8, 12 and 16 weeks of age)

3 FVRCP Vaccines

3 Dewormings

1 Rabies Vaccine at 16 weeks

2 Leukemia Vaccines

1 FELV/FIV/FHW (Triple Snap Test)

6-mth Complimentary Dental Exam

Prevention is the key to better health!
